STORY

Three years after Meteorfall, the world is threatened by Deepground, a mysterious army of bloodthirsty warriors. It's not long before Vincent Valentine learns that this organization is searching for him to get their hands on the Protomateria. He decides to investigate Shinra Manor in an effort to uncover his forgotten past and the mystery behind the Protomateria. Vincent leaves for Nibelheim in a WRO chopper and heads for the horizon...with Deepground in swift pursuit.

FEATURES

- Two exciting modes--exploration and battle--give the player the best that the RPG and action genres have to offer.
